MEET & GREET:	Meet and greet at the salon to see if we are the right fit for each other, get to know each other a little, ask any questions, cover all our onboarding T&C's including medical, behavioural, dietary, emergency contacts, allergies, history info, plus you get a full tour!
SECONDARY MEET:	30mins play, bond, and gently see what in the salon intrigues them, allow them to safely explore, and see what they're naturally ready and willing to offer up to us at this point. I.e. They'll get free rein of the salon floor, with our 1-1 attention at all times. It's their chance to get familiar with the space and use that powerful nose to suss everything out! There'll be no actual bathing or grooming on this visit whilst we build their positive experiences.
SINGLE ADDITIONAL MEET:	Choice of 30mins, 1 hour, or 2 hours. An optional add on for more complex cases or anxious owners. The goal for these add-on sessions is to build up to us having alone time with pup in the salon, ensuring they're never pushed past their threshold.
PACKAGES: (3, 6, or 9 sessions)	Discounted pre-work package choices from 3, 6 or 9 sessions set at either 30mins, 1 hour, or 2 hours each. An optional add on for more complex cases or anxious owners. We encourage as many as needed until we all feel ready to move forward, but our goal is to keep progressing and get onto the next step. We advise you on tips and tricks you can do at home in between sessions to help positively desensitise them to whatever tricky spots we might be noticing so far.
TESTER GROOM:	A dedicated part of our process to see how far we get trying a groom with absolutely no expectations or pressure. We work through every part of their tailored groom, one step at a time, pausing and reviewing each step, and stopping completely if it gets too much for them.

BATH & BRUSH:	Pre-groom health check. Shampoo wash and coat brush out, left to naturally air dry.
BATH, BRUSH & DRY:	Pre-groom health check. Shampoo wash, coat brush out, and warm blow dry.
BATH, DRY & DE-SHED:	Pre-groom health check. Shampoo wash, nail clip, coat brush out and warm blow dry - no clipping or styling. Focusing on de-shedding - perfect for stubborn packed coats or short haired dogs who don't require a cut.
FULL GROOM:	Pre-groom health check. Massaging shampoo wash, warm blow dry, clip and scissor style cut. Includes a nail clip, paw and pads trim, and ear cleaning.
PARTIAL GROOM:	If we have booked a groom but cannot finish as planned due to behavioural or medical needs, we will stop and book you in again asap, under our force-free ethic policy. Please note: this will only apply if less than 50% of the booked service is achieved.
PUPPY INTRO GROOM:	Recommended for puppies as soon as they have had their vaccinations, this positively introduces your pup to the grooming process. The pre-groom health check is great for desensitising touch across the body – from there a gentle brush over, before a relaxing bath and body massage using our sensitive puppy shampoo. A gentle blow dry with our lowest impact dryers gets your puppy used to the feel and sounds of the salon process. Hygiene trims are included where needed but there'll be no nail trims yet!
SENIOR/COMFORT GROOM:	Pre-groom health check. Using dedicated soft-bristle or rubber brushes for their delicate skin, we also use senior startle cues before touching to aid a stress-free process. We work around your dog, and can use supportive restraints, non-slip mats, cooler blow dryer temperatures and prioritise their basic sanitary and welfare needs first. We add extra breaks and you can bring their own bed or soothers to help them settle in the salon.

NAIL CLIP ONLY:	Paw/pads health check and individual nail assessment, followed by the appropriate nail trim.
SEVERE MATTING:	This service will incur an extra charge in addition to the booked groom. Under our Sunflower Paws ethics and the Animal Welfare Act guidelines we will not subject dogs to more than the advised 15minutes of de-matting. If the matting is deemed too severe, we will have no choice but to clip their coat where needed. In extreme cases we may refuse a groom and refer you to a veterinary service for a sedation and removal.
FLEA & TICK CARE:	Please note: this is not a replacement for treatment. We can carry out an assessment if you are unsure whether your dog may need this. We use our flea and tick shampoo which is infused with natural bug repellents and works by loosening and deep cleans the coat, removing as much flea-dirt and debris as possible. We then comb through with specific tools and cleanse their ears, rolls, and folds. We can also show you the tick removal process.
YEAST SUPPORT:	Please note: this is not a replacement for treatment. This shampoo is perfect for helping yeast prone hotspots and discolouration due to its antifungal, cleansing properties. It can also aid oily, sensitive or dandruff prone skin.
TOOTH BRUSHING:	A gentle service, using a finger brush and animal safe toothpaste/gel to familiarise dogs with the brushing process whilst giving their teeth and breath a refresh!

SPA FACIAL:	Additional time spent on a soothing full facial massage with our marshmallow brightening wash!
SPA DEEP CONDITION:	Additional time spent on applying and carefully massaging a full-body deep conditioner. Perfect for long, dull, tangly, matted or dry coats!
SPA PAW & NOSE FOCUS:	Additional time spent on paw and nose cleansing followed by a gentle massage with our dedicated rehydrating balm, designed to nourish and heal damaged, irritated, or hard skin!
SPA DESHEDDING FOCUS:	Additional time spent on stubborn hairy cases!
EXTRA DEBRIEF TIME:	A pre-planned add on for if you need (or want!) some extra time for our dedicated post-groom debrief chat!

To find out more about our ethics and onboarding process, please visit www.sunflowerpaws.co.uk.

Still unsure what size or breed your dog is or what service you'd need? Not a worry, we will always confirm size and pricing at your Meet and Greet for your clarity and peace of mind.

We are dedicated to our Animal Rights approach and following the Animal Welfare Act guidance. For emergencies, welfare, or charity cases please contact us directly on 07360123101 to discuss.
